

Edit a Wire Transfer

Current-day wires can be edited prior to 12:00:01 A.M. ET on the date on which it is scheduled to be sent. Editing a wire removes all previously applied approvals.

1. Click **Money Movement > Wire**.
2. Click the link in the **Account** column for the wire you want to edit.
3. Click the **Edit request** link.
4. Verify the wire and then click **Edit wire**.
5. Modify the **Debit Information** options as needed and then click **Continue**.
6. Modify the **Recipient Information**, **First Intermediary**, **Second Intermediary**, and/or **Wire Initiator Information** options as needed and then click **Continue**.
7. Review the wire as needed and perform one of the following actions:
 - Click **submit for approval** link to schedule the wire without approving.
 - Click **Approve** to approve and schedule the wire.
 - Click **Transmit** to approve and transmit the wire.
8. If additional authentication is required, you may be prompted to validate your identity through a one-time security code. If you are prompted to complete additional validation, do the following:
 1. On the dialog box, select **Phone** or **Text** message (if applicable).
 2. Click **Continue**.
 3. Do one of the following:
 - If you chose to receive a phone call, speak or enter the displayed one-time security code into your phone. After completing the phone call, click **Phone Call Completed**.
 - If you chose to receive an SMS message, select the appropriate **Country/region**, enter a **Mobile phone number** and then click **Send Text Message**. If the mobile phone number matches a number on record, a text message containing a one-time security code is sent to your phone.
 4. For SMS text messages, enter one-time security code displayed on your mobile device into the **One-time security code** field and then click **Submit**.
9. If your company requires token authentication for transaction approval, type your passcode and then click **Continue**.

Edit a Scheduled/Future-Dated One-Time Wire Transfer
