2. **Commercially Reasonable Security Procedures.** In connection with providing access to a Service, WesBanco and Client have established certain processes or procedures for the purposes of verifying that communications, orders, instructions, or inquiries regarding a Service transaction or other Service activity are those of Client, and/or for the purpose of authenticating Client or its Authorized Users (as further defined in Schedule B hereto) in connection with Client's use of the Services, and/or for the purpose of authorizing transactions and other activity through the use of the Services (the "Security Procedures"). The Security Procedures may involve a security code, password, personal identification number, user identification technology, certificate, or other means, or method of authentication, identification or verification (the "Security Credentials"). If Client selects certain Security Procedures to use in connection with a Service and those Security Procedures provide less protection against unauthorized transactions or activity than other Security Procedures offered by WesBanco in connection with such Service, the Security Procedures selected by Client shall be deemed commercially reasonable to the same extent as the Security Procedures offered by WesBanco that provide greater protection. Client acknowledges and agrees that Client shall be bound by any and all transactions and activity effected through the Service made in accordance with existing Security Procedures, until or unless WesBanco has received notification that existing Security Procedures have been compromised and WesBanco has had a reasonable opportunity to act upon such notice. control access to a Service and are not designed to detect errors in the content or transmission of instructions or information.

4. **Primary User.** As part of the enrollment process for certain Services (including, but not limited to, CashFlow Connect, Lockbox and Remote Deposit Capture Services), Client must designate one or more Primary Users, and Client agrees that there will be at least one Primary User at all times. WesBanco strongly recommends dual administration be set up for back-up purposes and to perform initiator and approver type duties. Client acknowledges that the responsibilities of Primary User include, but are not limited to: (i) assigning and maintaining all Security Credentials for all Authorized Users for applicable Services; (ii) designating additional Authorized Users, (iii) adding or removing eligible Accounts from Authorized User profiles; (iv) establishing limits, if any, on each Authorized Users' authority to access specific information and/or conduct transactions; (v) promptly removing access for terminated employees or for employees no longer authorized to access or to perform specific duties, (vi) ensuring the proper implementation of Security Procedures by Authorized Users, (vii) reviewing Authorized User access periodically to ensure access to the applicable Services is restricted to users who need it in the performance of their job functions and (viii) properly securing Client's equipment and network systems to prevent inappropriate use. Pursuant to Subsection I(3) above, WesBanco is entitled to act on any instruction of the Primary User as if it is an authorized instruction until WesBanco shall have received written notice to the contrary from Client. WesBanco shall be given a reasonable time to act on such written notice re-assigning the person designated as the Primary User.
5. **Authorized Users.** The Primary User(s) shall have the authority to designate person(s) authorized to use a Service and to access any Account (each an "Authorized User" and collectively "Authorized Users") authorized by the Primary User. Each Authorized User is authorized to conduct any transaction within the scope of this Agreement, unless such authority is limited by the Primary User or as otherwise expressly provided in the applicable Service Terms. Client acknowledges and agrees that any person knowing or in possession of Client's Security Credentials shall be treated as an Authorized User by WesBanco. Any Authorized User shall continue to be an Authorized User unless and until Client or the Primary User has notified WesBanco, as set forth herein, that such person or entity is no longer an Authorized User and until WesBanco has had a reasonable opportunity to act upon such notice.
6. **Security Credential Protection.** Client agrees to keep all Security Credentials strictly confidential and establish and maintain all procedures necessary to ensure that the Security Credentials will be maintained in the strictest confidence. Specifically, Client agrees that the Primary User shall not share their Security Credentials with any other person for convenience or administrative purposes.

Client agrees to immediately notify WesBanco if Client becomes aware of any of the following: (a) any loss, theft or suspected loss or theft of the Security Credentials of Primary User or any Authorized User; (b) any unauthorized use of the Security Credentials, or of CashFlow Connect; (c) any failure by WesBanco to act on appropriate instructions received from Client in connection with CashFlow Connect, which instructions or requests have been received and/or transmitted through CashFlow Connect; or (d) any receipt and/or confirmation of instructions or

requests which Client did not place, or any similarly inaccurate or conflicting report or information received.

7. **Client's Obligation upon Security Breach.** In the event of any security incident related to Client, Client agrees to assist WesBanco in determining the manner and source of such incident. Such assistance shall include, but shall not be limited to, providing WesBanco or WesBanco's agent access to Client's systems or devices. Client further agrees to provide to WesBanco with any reports or analysis of Client's systems related to the incident performed by Client, Client's agents or law enforcement agencies to the extent legally permissible. Client agrees to take all reasonable remediation steps and provide any certifications or reports as requested by WesBanco in order to gain full access and use of the Services.

Section II. Limits

1. **Permanent Limits.** Monetary limits are set on several Treasury Management Services. Limits are in place to protect the Client and WesBanco by putting an upper bounds on the funds that may be transferred out of the Bank in any given day. Limits are communicated to the Client in Section II of the Order Form.
2. **Temporary Limits.** In certain situations, a Client may attempt a transaction that exceeds the limit that has been set. In this event, a Client may contact the Customer Service Center and request a temporary limit be set. This request may or may not be granted based at WesBanco's reasonable discretion based upon the ability to properly validate the Client, the Client's authority to request the increase, the purpose of the increase, and internal approval at the appropriate monetary level. The Client should evaluate their upcoming needs against the limits listed in Section II of Schedule A, and reach out to their Treasury Sales Officer in advance to ensure that they have the appropriate limit in place. Should a Client repeatedly request temporary increases, WesBanco may proactively contact the client to recommend a higher limit.
3. **ACH Limits.** Any transaction that violates the established limit requires temporary approval and will be granted according to the fact that customer identification and need are addressed according to Schedule B. All requests will be recorded. Repeated violation of limits may result in a revised customer agreement. Changes to limits may only be requested and removed by an Order Form.
4. **Electronic Wire Transfer Limits.** Any transaction that violates the established limit requires temporary approval and will be granted according to the fact that customer identification and need are sufficiently addressed according to Schedule B. Client agrees that all such requests will be recorded. Repeated violation of limits may require a revised Order Form. Changes to limits may only be requested and removed by an Order Form.
5. **Remote Deposit Capture Limits.** Any transaction that violates the established limit requires temporary approval and will be granted based upon whether that customer need is sufficiently addressed according to Schedule B. Repeated violation of limits may result in a revised customer agreement. Changes to limits may only be requested and removed by an Order Form.

Section III. Automated Clearing House (ACH)

1. **Access.** The ACH feature is accessed through CashFlow Connect or via direct upload. The Primary User specified in Section I is responsible for the configuration of any other Authorized Users.
2. **Availability.** ACH requests will be accepted during normal business hours as detailed in Schedule C. Any ACH request received by WesBanco after an applicable Cut-Off Time shall be processed by WesBanco on the next business day. The Cut-off times specified in Schedule C are reasonably-necessary to provide sufficient time for WesBanco to review the request for security and fraud measures and reasonably act on it.
3. **Compliance with Rules and Regulations.** The Client acknowledges that they are in possession of a copy of the Rules and have reviewed them with appropriate, competent professional advisers of their choice considering Client's individual operations and activities. The Client agrees to comply with and be bound by the Rules, as amended, and comply with applicable laws of the United States of America, the State of West Virginia and of any other applicable state or local laws or regulations (collectively "Applicable Law and Regulations"). Client acknowledges that WesBanco may suspend or terminate this Agreement if Client does not fully comply with the Rules or Applicable Law and Regulation.
4. **Fines and Penalties.** In the event the Client violates any of the applicable Rules and NACHA imposes a fine on WesBanco because of the Client's violation, Client shall reimburse WesBanco for any such fine.
5. **Pre-notifications.** Client should send pre-notification (zero-dollar) entries three (3) Business Days prior to initiating the first live (dollar) Entry to a particular account. Should the Client receive notice that any such pre-notification has been rejected by an RDFI, or that an RDFI will not receive Entries without having first received a copy of the written authorization signed by its customer (the Receiver), the Client will initiate no further entries to the Receiver until such time as the Client provides the RDFI with such authorization. At such time, the Client may initiate Entries, within the time limits provided in the Rules.
6. **Annual Audit.** If Client originates WEB entries, in accordance with the Rules, Client shall conduct an annual audit of their security practices and procedures. Client agrees to furnish evidence of such audits to WesBanco upon request. Any ACH Originators originating as Third-Party senders, regardless of SEC Codes, require a separate annual audit. This may be conducted by WesBanco or a designated Third-Party. WesBanco has the right to audit periodically the Entries initiated, and any associated documentation or procedures used by the Client, to ensure compliance with this Agreement, the Rules, Applicable Law and Regulation, and applicable WesBanco policies
7. **Backup Files.** Client agrees to maintain back-up files, Entry Data, and procedures in the event ACH Entries cannot be submitted to WesBanco via the Digital Banking Platform.
8. **Rejection of Entries.** WesBanco may reject any Entry which does not comply with the Rules or other NACHA requirements, or which contains an Effective Entry Date more than 2 days after the Business Day such Entry is received by WesBanco. WesBanco may reject an On-Us Entry for any reason for which an Entry may be returned under the Rules. WesBanco may reject any Entry

if Client has failed to comply with its account balance obligations. WesBanco may reject any entry of Client that does not adhere to security procedures as described in Schedule B.

WesBanco shall notify Client by phone or electronic transmission of such rejection no later than the Business Day such Entry would otherwise have been transmitted by WesBanco to the ACH Operator or, in the case of an On-Us entry, its Effective Entry Date. Notices of rejection shall be effective when given. WesBanco shall have no liability to Client by reason of the rejection of any such Entry or the fact that such notice is not given at an earlier time than that provided for herein.

In the event that any Entries are rejected by the ACH Operator for any reason, it shall be the responsibility of the Client to remake such Entries. Should the file be rejected due to an error caused by WesBanco, we shall be responsible for remaking the file. In such a case, the Client will supply sufficient information, to allow WesBanco to recreate the entries for up to five (5) business days after midnight of the settlement date.

9. **On-Us Entries.** Except as provided in Rejection of Entries, in the case of an Entry received for credit to an account maintained with WesBanco (an "On-Us Entry"), WesBanco shall credit the Receiver's account in the amount of such Entry on the Effective Entry Date contained in such Entry, provided the requirements set forth in clauses 4 (i) and (ii) are met. If either of those requirements is not met, WesBanco shall use reasonable efforts to credit the Receiver's account in the amount of such Entry no later than the next business day following such Effective Entry Date.
10. **All other Entries.** Except as provided in the case of On-Us Entries and Rejection of Entries, WesBanco shall (i) process Entries received from Client to conform with the file specifications set forth in Rules, (ii) transmit such Entries as an Originating Depository Financial Institution to the Automated Clearing House Operator, and (iii) settle for such Entries as provided in the Rules.
11. **Delivery Date.** This is the date that the Client must schedule and approve ACH batches online through CashFlow Connect or deliver a NACHA formatted file to this Institution in a format agreed to in advance by WesBanco. ACH batches created through CashFlow Connect must be approved by the designated cut-off times as specified in Schedule C on the appropriate Business Day. The multiple cut-off times are necessary to provide sufficient time for WesBanco to review ACH batches timely to communicate notification of errors or additional edits required of ACH batches before WesBanco processes the ACH Entries within the ACH Operator deadlines. In emergency situations, NACHA formatted files should otherwise be delivered to WesBanco within the time frames detailed in Schedule C.
12. **Customer Settlement Date.** This is the date that WesBanco will debit or credit the Client's Account for the total of the ACH entries. For Credit Entries, collected funds must be available in the Account as of the scheduled Customer Settlement Date detailed in Schedule C. Failure to have sufficient funds in the Origination Account at the required date may result in the declined authorization of the origination of the entire batch and no CREDIT entries may be initiated.)
13. **Cancellation, Amendments, and Reversals.** If the Client discovers that any entry it has initiated was made in error, it must notify WesBanco of the error within 24 hours. In such case,

WesBanco will utilize its best efforts to attempt to initiate an adjusting entry or stop processing of any “on-us” Entry. Should WesBanco be unable to stop the Entry from posting, or if it is too late to withdraw the item from the ACH Operator, the Client may initiate a reversal file to correct the Entry, as provided for and abiding by the Rules.

Should a reversal be created for an individual Entry or Entries, as opposed to a complete file or batch reversal, the Receiver(s) of the Entries must be notified of the reversal no later than the settlement date of the reversing Entry.

Should a reversal be created for a complete file or batch reversal, the Client must advise the ODFI within five (5) business days of settlement.

- 14. Notice of Returned Entries.** WesBanco shall notify an Authorized User of the Client by phone or electronic transmission of the receipt of a returned or changed Entry from the ACH Operator no later than 1 business day after the Business Day of such receipt. Except for an Entry retransmitted by Client in accordance with the Rules, WesBanco shall have no obligation to retransmit a returned Entry to the ACH Operator if WesBanco complied with the terms of this Agreement with respect to the original Entry.
- 15. Notifications of Change.** WesBanco shall notify Client of all notifications of change received by WesBanco relating to Entries transmitted by Client in accordance with this Agreement no later than 1 Business Day after receipt thereof. Upon receipt of notification of change items, the Originator must make the correction within six (6) banking days, or before the next transaction, whichever is later.

- 17. Electronic Debit Entries.** Client will receive immediately available funds for any electronic debit entries initiated by it not later than the settlement date of the items. Provisions may be made for holding accounts to be maintained for posting of any return debit items received, as stated in this Agreement and the Rules. Client will promptly provide immediately available funds to indemnify WesBanco if any debit items are rejected after WesBanco has permitted the Client to withdraw immediately available funds, should funds not be available in the Client’s accounts to cover the amount of the rejected item.
- 18. Origination Account.** WesBanco may, without prior notice or demand, obtain payment of any amount due and payable to it under this Agreement by debiting the account(s) of Client identified as an Origination Account in an Order Form and shall credit the Origination Account for any amount received by WesBanco by reason of the return of an Entry transmitted by WesBanco for which WesBanco has previously received payment from Client. Such credit shall be made as of the day of such receipt by WesBanco.
Client shall at all times maintain a balance of available funds in the Origination Account sufficient to cover its payment obligations under this Agreement. In the event there are not sufficient available funds in the Origination Account to cover Client’s obligations under this Agreement, Client agrees that WesBanco may debit any account maintained by Client with WesBanco or any affiliate of WesBanco or that WesBanco may set off against any amount it owes to Client, in order to obtain payment of Client’s obligations under this Agreement. Upon

request of WesBanco, Client agrees to promptly provide to WesBanco such information pertaining to Client's financial condition as WesBanco may reasonably request.

- 19. Account Reconciliation.** Entries transmitted by WesBanco or credited to a Receiver's account maintained with a WesBanco will be reflected on the Client's periodic statement issued by this WesBanco with respect to the Account and also viewable within CashFlow Connect. Client agrees to notify WesBanco promptly of any discrepancy between Client's records and the information shown on any periodic statement. If Client fails to notify WesBanco of any discrepancies or unauthorized transactions in accordance with the Account Agreement, Client agrees that WesBanco shall not be liable for any other losses resulting from Client's failure to give such notice or any loss of interest or any interest equivalent with respect to an Entry shown on such periodic statement.
- 20. Third Parties.** Client assumes full responsibility for any action made by any Third-Party Processor selected by Client at its discretion to initiate Entries on its behalf and shall indemnify WesBanco pursuant to the provisions of Section 14(c) hereof for any losses incurred for any action or inaction of such processor.
- 21. Third Party Senders.** A third-party sender is a processing intermediary between WesBanco and the end-user of ACH payments. Third-party senders must complete and execute Schedule F attesting to their eligibility and relationship both at inception of the service and at least annually thereafter.

- 3. International Wire Transfers.** WesBanco supports Domestic and International wires in US Dollars, as well as International wires in Foreign Currency through CashFlow Connect. The Client may request all or any type of electronic wire transfer capabilities; however international capability requires additional assessment of risk. The Client should review Schedule B for details surrounding International Wires, and should also be aware of the cutoff times in Schedule C, as the validation of International Wires may take longer than Domestic wire transfers.
- 4. Authorization.** WesBanco will only accept a request for a wire transfer if the Authorized User(s) makes the request through CashFlow Connection and in accordance with the additional requirements in Schedule C.

5. **Verification.** WesBanco reserves the right to call back one of your Authorized Users (other than the individual who made the request) to further authenticate a wire transfer. If WesBanco is unable to secure an authentication, although it is under no obligation to execute the wire transfer request, it may either delay or process the wire transfer request pending according to its reasonable discretion. However, in no event shall it constitute gross negligence under the terms of this Agreement if WesBanco executes an otherwise authorized wire transfer request issued by an Authorized User without separately calling an Authorized User for additional verification.
6. **Available Funds.** WesBanco will be under no obligation to honor any wire transfer request (i) which exceeds the collected balance in your Account; (ii) which exceeds your established limit as detailed in Schedule A; (iii) for which WesBanco was not able to obtain an authentication as described in Schedule B or which in its reasonable judgment was determined to be necessary; (iv) which is not in accordance with any condition indicated by you and agreed to by us; or (iii) which is not in accordance with any other requirements as stated herein.

8. **Beneficiaries.** WesBanco may process wire transfer orders based upon an account number or other identifying number when such account number or identifying number is used, with or without a name, to identify the beneficiary of a wire transfer order or a financial institution, even if (when both name and number are used) the account number identifying number identifies a person or entity different from the beneficiary of financial institution identified by name. If you submit a wire transfer order identifying the beneficiary's financial institution on the basis of WesBanco account number or identifying number, payment of such order might be made by the beneficiary's financial institution on the basis of WesBanco account number or identifying number even if such number identifies a person or entity different from the named beneficiary; and the beneficiary's financial institution need not determine whether the name and the number refer to the same person or entity.

If a wire transfer order issued by you identifies and intermediary financial institution or beneficiary's financial institution only by an identifying number or by both name and identifying number, the receiving financial institution may rely on the identifying number as the positive identification of the intermediary financial institution or beneficiary's financial institution, even if such number identifies a person or entity different from WesBanco identified by name; and the receiving financial institution need not determine whether the name and number refer to the same person or entity or whether the number refers to a financial institution.

- e. Authorized User(s) may see different links within the Service. For example, Authorized User with Full privileges will be able to enter, modify, and view issued checks. The Authorized User will also be able to view daily reconciliation reports as well as enter decisions on the day's reconciliation items. Authorized User with View privileges will only be able to view issued items and reconciliation reports. They will not be able to enter or modify issued items; the corresponding links will be grayed out and not available to them.
- f. For security reasons, Authorized Users responsible for reviewing and deciding Exception Items shall also be authorized signers on the Account.
- g. If Client orders or prints checks from any check-printing vendor other than Wesbanco, Client agrees to ensure that the MICR encoding ink is of high quality and the checks are otherwise produced to commercially-reasonable standards.

If a match is detected, processing of the submitted Data File is automatically suspended. WesBanco will visually inspect both the submitted Data File and the matching duplicate Data File to verify if the payment records in the two files are truly identical. WesBanco will review the payee names, payment numbers, payment amounts, and payment dates in both Data Files. As an accommodation to The Client, however, WesBanco will use good faith efforts to attempt to honor a request to cancel the processing of a Data File or a payment entry in a Data File or pull a printed check from disbursement, if the request complies with the cancellation security procedures as defined in the reference materials and WesBanco receives the request at a time and in a manner that allows for a reasonable opportunity to act on it prior to printing or disbursing any checks or prior to creating or transmitting any ACH, virtual card, or wire transfer entry. WesBanco is not liable if WesBanco is unable to honor the request to cancel such processing. The Client agrees to reimburse WesBanco for any expenses we may incur in attempting to honor any such requests.

If The Client elects to use the Straight Through Processing option through SFTP, The Client will submit a separate file with the control total, rather than keying the control total in the Integrated Payables customer portal.
- j. **Risk of Delivery.** WesBanco shall have no responsibility for any checks once delivered to the United States Postal Service or a courier. The Client assumes all risks associated with delays caused by complications arising in the transmission of the Data Files and delays in postal service or courier service, except when such delays are caused by the WesBanco's failure to provide the checks by the delivery time or to transmit an ACH entry by the appropriate ACH processing cutoff time, to transmit a wire transfer entry by the appropriate wire transfer processing cutoff time, or to process a virtual card transaction by the appropriate cutoff time, provided The Client submitted the payment data for such payments to WesBanco in a timely manner. Cutoff times for each payment method will be disclosed to you in Schedule C.
- k. **Creation of Issue File for Positive Pay or Account Reconciliation.** The Client may elect for the printed check information included in the Data File to be used by WesBanco to create an Issued Items file to be used in connection with Positive Pay. WesBanco will assist The Client in registering vendors for accepting the following types of payments. WesBanco reserves the right to limit the number of vendors included in the Vendor Enrollment Service. Upon receipt of the vendor registration file that includes all the information requested by WesBanco for the Vendor Enrollment Service, WesBanco will contact each vendor contact person using the name and telephone number provided by The Client. The Client shall provide WesBanco with a list of designated vendors with complete, accurate, and updated contact information for each vendor. WesBanco shall have no responsibility or liability for any incompleteness, inaccuracy, or out of date vendor contact information. The Client authorizes the Bank to contact vendors in furtherance of this ACH payment migration campaign. The Client authorizes the Bank to automatically convert check payment instructions to ACH instructions for registered vendors.
- ii. **Virtual Card Vendor Registration Assistance Services.** If The Client selects or uses the Card Vendor Enrollment Service, WesBanco will implement a campaign to migrate designated vendors from receiving payments by check to receiving payments by virtual card. The Client authorizes WesBanco to contact vendors in furtherance of this virtual card payment migration campaign. The Client shall provide complete and updated contact information for each vendor in the vendor registration file. WesBanco must be able to rely solely on the vendor contact name and phone number information that you provide. If, however, incomplete or outdated vendor contact information is provided by The Client, the Bank may, at its discretion, attempt to: (a) take steps to contact the vendor to determine on your behalf the department and individual who is to receive payment information; or (b) identify the appropriate department and individual by conducting a basic internet search. The Client must provide WesBanco with advance notice of intent to terminate any agreements related to your cards with WesBanco. Upon termination of any of your card agreements, WesBanco will work with The Client to evaluate alternative payment types for the affected vendors.

WesBanco will provide The Client with confirmation periodically of each vendor's status to receive payment by ACH and/or card. WesBanco does not guarantee that any vendor will accept payment by ACH and/or card. If a vendor agrees to receive payments from The Client via ACH and/or card: (i) for ACH transactions, vendor will register and provide an account number and routing instructions using the Integrated Payables portal; (ii) for single-use virtual card transactions, vendor will register and receive card account information using the Integrated Payables portal; (iii) for assigned card transactions, vendor will register using the Integrated Payables portal. WesBanco will provide the vendor with a card account number, expiration date and card verification code. By authorizing a card payment, The Client agrees that the payment information is correct. If for any reason the vendor is unable to use that payment information provided by the Bank to receive payment, Bank assumes no liability. The vendor must contact The Client directly for error resolution.

Notwithstanding anything in this Agreement to the contrary, WesBanco assumes no liability for any errors in vendor registration if: (i) vendor registration is conducted by anyone other WesBanco; or (ii) registration information and payment Information is

3. **Overview.** The Integrated Receivables Service ("Integrated Receivables Service") consolidates data, images and information from various incoming payment and depository services offered WesBanco into a central online repository for customer access, storage and analysis. Payment Reassociation is an optional enhancement designed to provide straight-through-processing (STP) for receivables by automatically matching incoming electronic and paper payments to open invoice remittance details from The Client's accounts receivables (A/R) system and paying customer remittance emails.
4. **Payment Channels.** A "Payment Channel" is the underlying Service or other means that: (a) The Client uses to receive payments and/or other deposits to a designated account(s), such as ACH, wire transfer or lockbox; and/or (b) WesBanco uses to obtain the data, images and information about such payments and/or other deposits, which WesBanco makes available to The Client through the Integrated Receivables Service. The Client's Payment Channels shall be selected in the Implementation Agreement and/or Separate Agreement(s). WesBanco may, from time to time, make available additional Payment Channels which the Client may request by contacting a Treasury Management Sales Officer and executing a revised Schedule A.
5. **System Functionality.** The Integrated Receivables Service provides The Client with access to a central online repository, archive, and integration point for Payment Channel data, images and information. The Integrated Receivables Service connects Payment Channels and allows consolidation, reporting and online decisioning capabilities for Customer's receivables associated with such selected Payment Channel(s). Specific features and functionality of Customer's Integrated Receivables Service shall be agreed to by Bank and Customer in the Implementation Documents for the Integrated Receivables Service. All data, images and information reported through the Integrated Receivables Service are reported after such data, images and information are captured through the Payment Channel after final settlement of the incoming payment.
6. **Data Consolidation.** The Integrated Receivables Service will aggregate data from the Payment Channels selected by The Client in the Schedule A for the Integrated Receivables Service.
7. **Automation.** The Integrated Receivables Service will enable the automation of payment posting and The Client payment decision workflows for research and action.
8. **Data Storage.** The Integrated Receivables Service will enable The Client to retrieve data, images, and information for the duration of the retention period defined on Schedule A. WesBanco shall have no obligation to retain data, images and/or information beyond the agreed upon retention period.

- 9. Data Retrieval.** The Client can search and view data and images, create reports, and download images and data.
- 10. Reports.** The Client may run such other reports as are described in the User Guide for the Integrated Receivables Service.
